Creativity is always a leap of faith. You're faced with a blank page, blank easel, or an empty stage.

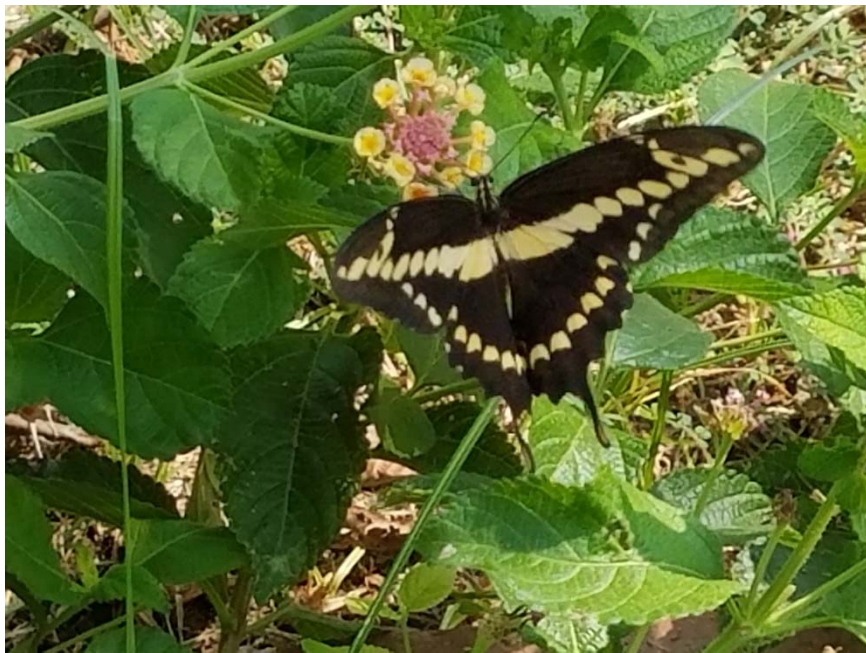

Mystery is at the heart of creativity.

That, and surprise.

Julia Cameron, author^{1,4}

*What the caterpillar calls the end of the world,
the rest of the world calls a butterfly."*

Richard Bach²

Leverage your time more by spending a little more time every day imagining and a lot less time every day doing. Do a little more imagining and a little less doing. Until eventually most of what's happening is happening in the cool, calm, anticipatory state. Just imagine yourself into the successes, and watch what happens. Imagine a little more and act a little less.

Don't cry because it's over, smile because it happened.

Friedrich Nietzsche²²

Our ancient experience confirms at every point that everything is linked together, everything is inseparable.
